

RO Series H.R.C Fuse Link

Application

Low voltage H.R.C fuse features light in weight, small in size, low in power loss and high in breaking capacity. This product has been widely used in overload and short-circuit protection of electric installation.

RT12 RT15 Series Bolting Fuse

Application

RT15 type bolt connection fuse, used in circuits with rated voltage to 415V, rated current to 400A mainly serve as circuit overload & short circuit protection for low voltage distribution system of factory & power plant. The product conforms to IEC269-12.
